

Table of Contents

<i>Table of Contents</i>	<u>1</u>
<i>How to Use This Document</i>	<u>5</u>
<i>Step 1: Overview of the Foundation Documents</i>	<u>6</u>
<i>Ontario Secondary Schools: Grades 9 to 12 Program and Diploma Requirements</i>	<u>6</u>
<i>The Ontario Curriculum: Grades 9 and 10: Science</i>	<u>7</u>
Course Profiles	<u>7</u>
Rubrics	<u>9</u>
Exemplars	<u>9</u>
<i>The Ontario Curriculum: Grades 9 to 12: Program Planning and Assessment</i>	<u>10</u>
<i>The Provincial Report Card</i>	<u>10</u>
<i>Step 2: Collecting Evidence of Learning</i>	<u>11</u>
Assessment, Evaluation and Reporting Explained	<u>12</u>
Assessment	<u>12</u>
Evaluation	<u>13</u>
Reporting	<u>13</u>
The Achievement Chart for Science	<u>14</u>
Why We Have an Achievement Chart	<u>14</u>
How Do We Know Our Level Based Assessment Is Uniform Across The Province?	<u>15</u>
How Rubrics Enhance Learning and Facilitate Assessment	<u>16</u>

Expectation Based Curriculum and Assessment Planning	17
Assessment Tools	18
Building and Using A Task Specific Rubric	56
A Place For Numerical Assessment	59
<i>Step 3: Keeping Records</i>	60
What Must Be Recorded	60
Summative Achievement Record (A)	62
Summative Achievement Record (B)	63
Learning Skills Record	64
Use Marking Slips to Save Time and Improve Communication	65
<i>Step 4: Evaluating Student Performance</i>	66
Grade Composition Requirements	66
How to Determine the Grade	67
<i>Step 5: Completing the Report Card</i>	71

Index of Rubrics

Content Based Assessment

Biology/Reproduction (SNC1D).....	35
Biology/Reproduction: Processes and Applications (SNC1P).....	40
Biology: Ecosystems and Human Activity (SNC2P)	52
Biology: The Sustainability of Ecosystems (SNC2D).....	47
Chemistry: Atoms and Elements (SNC1D).....	36

Chemistry: Chemical Processes (SNC2D).....	48
Chemistry: Chemical Reactions and Their Practical Applications (SNC2P).....	53
Chemistry: Exploring Matter (SNC1P)	42
Earth and Space Science: Space Exploration (SNC1P).....	44
Earth and Space Science: The Study of the Universe (SNC1D)	37
Earth and Space Science: Weather Dynamics (SNC2D).....	49
Earth and Space Science: Weather Systems (SNC2P)	54
Physics: Electrical Applications (SNC1P).....	45
Physics: Motion (SNC2D)	50
Physics: Motion and Its Applications (SNC2P)	55
Physics: The Characteristics of Electricity (SNC1D).....	38
Lab Report Structure	23
Research Report Structure	27
Task Based Assessment	
Biological Drawing	29
Class Presentation	33
Concept Map	30
Design Challenge	31
Graph	28
Lab Practical.....	24
Lab Report.....	22
Poster	32
Research Report	26
Scientific Model	34
Written Test (Holistic)	25
