

CHAPTER 1: VISUAL BASIC .NET PROJECTS

Section 1: Creating A New Project And Adding Controls
 Step-by-Step Project #12
 Project Ideas5
 Design Issues/Critical Thinking5
 Assessment6

Section 2: Changing Control Properties At Run Time
 Step-by-Step Project #2 7
 Project Ideas9
 Design Issues9
 Critical Thinking10
 Assessment/Assessment Tools10
 Solutions13

Section 3: Variables, Constants And Assignment Statements
 Step-by-Step Project #316
 Project Ideas17
 Design Issues/Critical Thinking17
 Assessment Tools18
 Solutions20

Section 4: The Development Process And Decision Structures
 Algorithm Assessment23
 Step-by-Step Project #424
 Project Ideas26
 Design Issues/Critical Thinking27
 Assessment Tools28
 Solutions30

Section 5: Looping Structures
 Step-by-Step Project #534
 Project Ideas36
 Design Issues/Critical Thinking37
 Assessment Tools38
 Solutions39

Section 6: Procedures
 Step-by-Step Project #642
 Project Ideas44
 Design Issues/Critical Thinking44
 Assessment Tools45
 Solutions46

Section 7: Arrays
 Step-by-Step Project #749
 Project Ideas50
 Project Administration and Assessment50
 Solutions51

Section 8: Graphics
 Step-by-Step Project #8a54
 Step-by-Step Project #8b55
 Project Ideas56

CHAPTER 2: ASSESSMENT CONCEPTS

Course and Unit Design57
 Focusing On Assessment58
 Selection Of Assessment Tasks58

CHAPTER 3: ASSESSMENT STRATEGIES

Designing Tests And Questions59
 Administering A Computer-based Assessment61
 Assessing A Group Programming Project62
 Accommodating Exceptional Students66
 Teaching/Learning Styles66
 Network Use And File Management.....67

CHAPTER 4: ASSESSMENT TOOLS

Rubrics68
 Creating An Exemplar.....72
 Creating A Portfolio72

APPENDIX

Suggested Solutions To Critical Thinking Questions73
